

Introducing
The SAES[®] Getters Group

STAR Event

London - September 28, 2006

we support your **innovation**

saes
getters

Core Business

The SAES[®] Getters Group is **the world leader** in a variety of scientific and industrial applications where stringent **vacuum** conditions or **ultra-high pure gases** are required.

Core Business

For nearly **60 years**, our getter solutions have been supporting **technological innovation** in:

- The information display industry
- The lamp industry
- Ultra-high vacuum systems
- A wide range of electronic device-based applications
- Vacuum thermal insulation
- Semiconductors

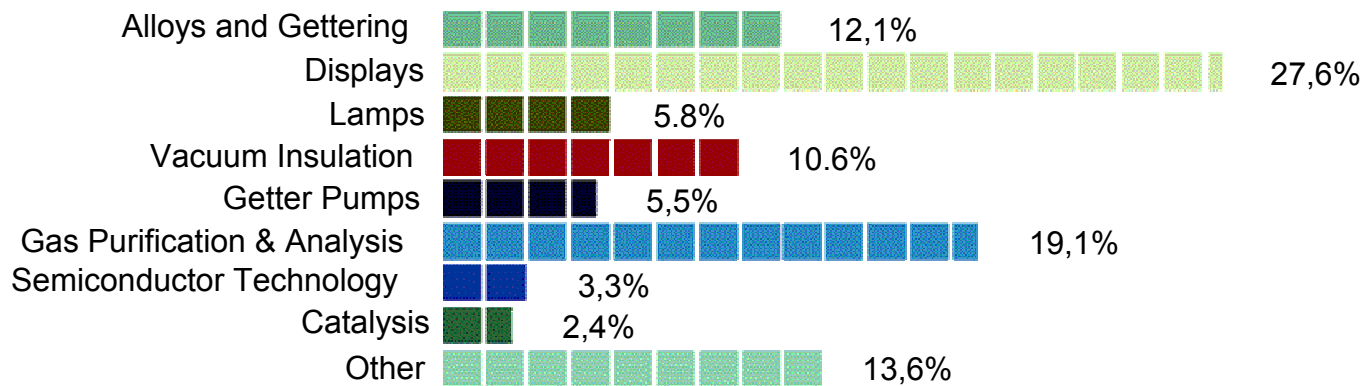

Research & Innovation

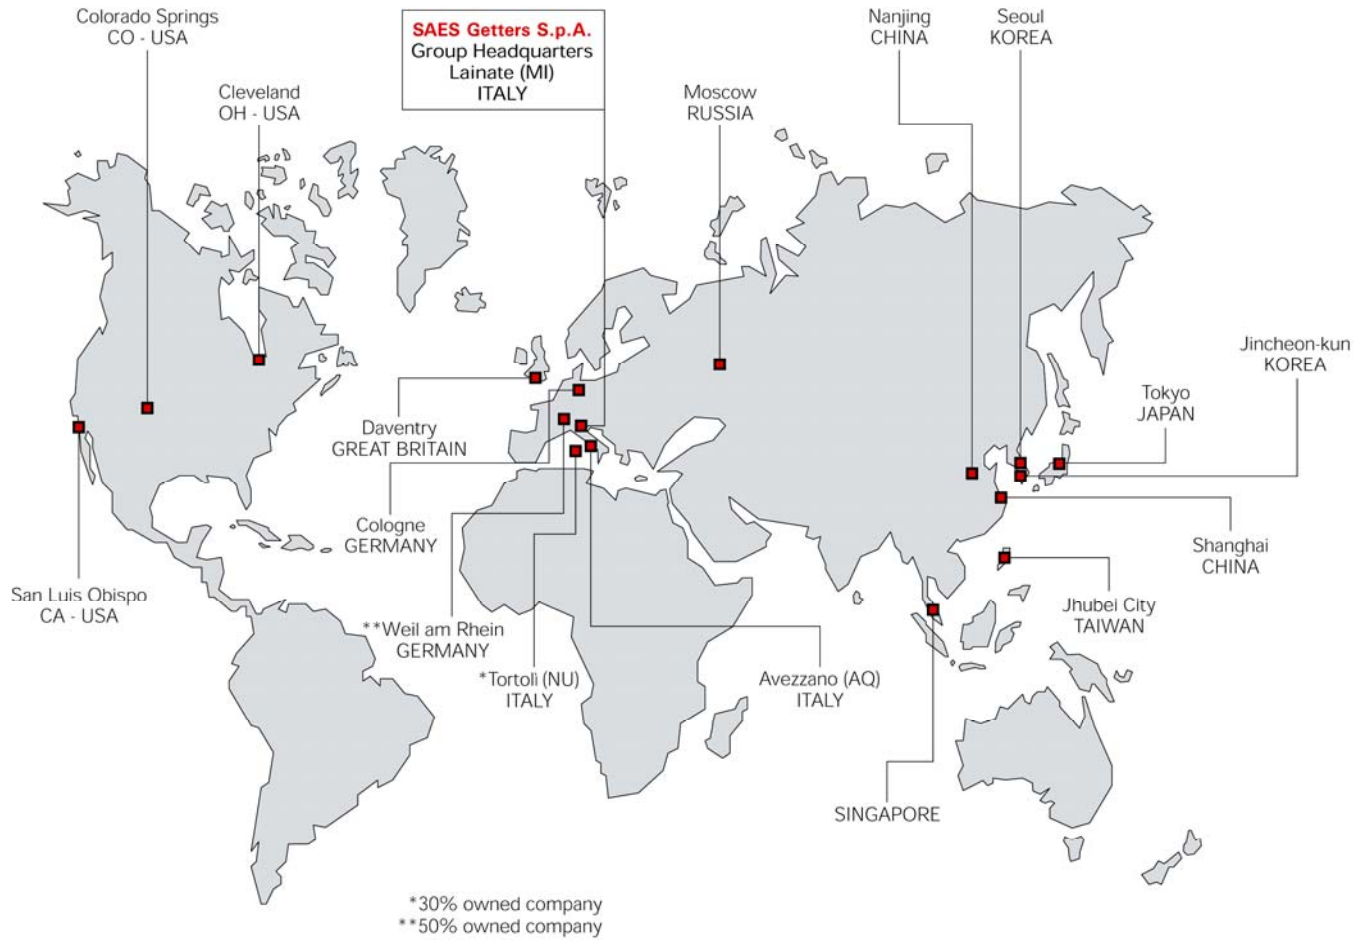

- Average of **8% of net consolidated sales** allocated to **R&I activities** every year
- State-of-the-art corporate **laboratories** covering a surface of over **3,300 sq.mt.**
- Nearly **100 people** committed to investigating problems, developing proposals and testing solutions

Intellectual Property: a Competitive Asset

Over 300 inventions have been patented by the Group in 60 years of activity, in the following business segments:

Global Presence

Business Organization

□ Information Displays Business Unit

Components based on the getter technology and used in displays (cathode ray tubes and flat panel displays)

□ Industrial Applications Business Unit

Components based on the getter technology and used in a wide variety of industrial applications (lamps, electronic devices, vacuum systems) and capital equipment employed primarily in the semiconductor industry for pure gas handling

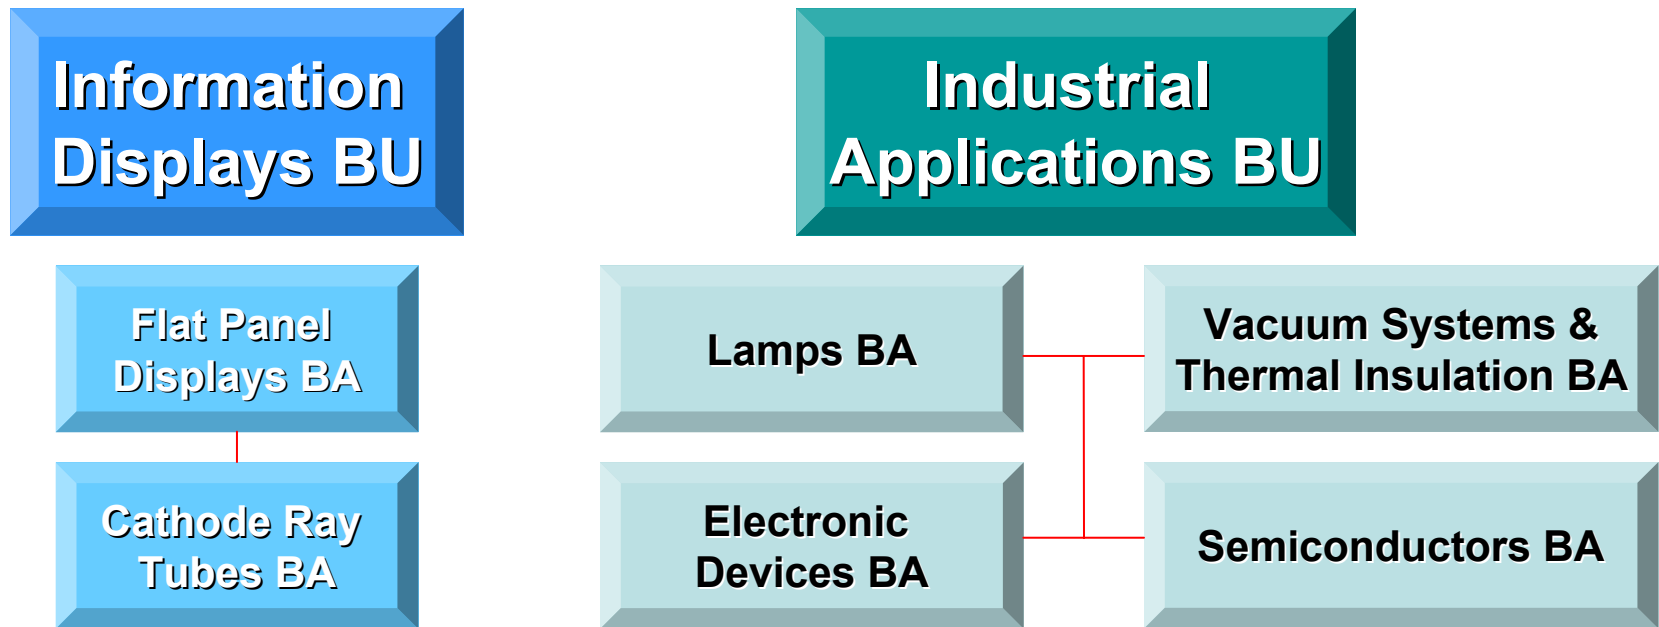

□ Advanced Materials Business Development Unit

Advanced materials supporting some of the most innovative technologies: optical crystals, shape memory alloys, getter thin films for wafer-level MEMS and catalytic diesel filters

1st Half 2006 Consolidated Sales by Business Unit

Business Organization

Flat Panel Displays

As a strategic supplier of technology innovation, SAES Getters serves the flat panel display industry with **getter, dryer and mercury dispensing solutions** for:

- LCD backlighting
- Plasma displays
- Field Emission Displays (FEDs)
- Vacuum Fluorescent Displays (VFDs)
- Organic Light Emitting Diode displays (OLEDs)
- 1st half 2006 sales: 39.8 M€ 47% of total (56.2 M€ in 2005)

Cathode Ray Tubes

SAES Getters is the Cathode Ray Tube (CRT) industry's leading provider of **getters**:

- ❑ In-house vertically integrated manufacturing processes
- ❑ A large and consolidated customer base
- ❑ A controlled risk management policy based on total production distribution at 3 manufacturing facilities
- ❑ 1st half 2006 sales: 15.4 M€ 18% of total (32.2 M€ in 2005)

Lamps

SAES Getters fully addresses key issues of the lamp industry related to vacuum purity maintenance, filling-gas purity and lamp processing for:

- Street lighting
- Industrial lighting
- Commercial lighting

SAES “green” mercury dispensers support the most important fluorescent lamp manufacturers in complying with the stringent mercury dosing regulations and thus in ensuring minimal environmental impact of their products.

- 1st half 2006 sales: 6.7 M€ 8% of total (11.1 M€ in 2005)

Electronic Devices

This Business Area offers solutions for an extremely diversified range of devices, whose functioning requires either vacuum or a high purity rare gas atmosphere.

Among the targeted market segments:

- Avionics
 - Medical
 - Security & defense
 - Telecom & datacom
 - Automotive
- 1st half 2006 sales: 6.6 M€ 8% of total (12.4 M€ in 2005)

Vacuum Systems & Thermal Insulation

Expertise in gas-surface interaction, vacuum technology, outgassing and permeation of materials has led the Group to the development of **non-evaporable getter pumps** and **solutions for vacuum systems and vacuum thermally insulated devices**:

- Vacuum systems for material characterization and processing
- Particle accelerators
- Cryogenic applications
- Solar energy collectors and pipes
- 1st half 2006 sales: 3.4 M€ 4% of total (7.1 M€ in 2005)

Semiconductors

Development and marketing of **advanced gas purification technologies** supporting the semiconductors and other hi-tech industries is the mission of this Business Area.

Providing purification for **ultra-high purity bulk gases** and **specialty gases**, SAES Pure Gas – member company of the SAES Getters Group – offers a product portfolio tailored to a wide range of flow rates and gas applications.

□ 1st half 2006 sales: 11.3 M€ 13% of total (18.9 M€ in 2005)

Advanced Materials

Getters for MEMS: thin film getter products for wafer-level packaged Micro Electro Mechanical Systems and Hydrogen-sensitive packages

Shape Memory Alloys: shape memory and superelastic components for industrial and niche high-technology applications

Optoelectronic Materials: advanced optical crystals for optoelectronic device and solid-state laser marketplace

Catalysis: catalytic diesel filter for the abatement of soot emissions from heavy-duty/stationary engines

□ 1st half 2006 sales: 0.8 M€

1st Half 2006 Consolidated Sales by Geographic Area

Consolidated Sales

1996-2003 data compliant to Italian GAAP; 2004-2006 data compliant to IFRS

Consolidated Operating Income (% on net sales)

1996-2003 data compliant to Italian GAAP; 2004-2006 data compliant to IFRS

Consolidated Net Income (% on net sales)

1996-2003 data compliant to Italian GAAP; 2004-2006 data compliant to IFRS

Capital Structure

Ordinary Shares

15,271,350

Savings Shares

7,460,619

Ordinary Shareholders

	S.G.G. Holding	Market	Total
Number of shares	8,672,905	6,598,445	15,271,350
	56.79%	43.21%	100.0%
