$\checkmark$ Growth mainly concentrated in the gas purification sector (Systems for Gas Purification \& Handling Business) thanks to the investments in new semiconductors and displays fabs in Asia
$\checkmark$ Strong increase in the Electronic Devices Business mainly thanks to the new advanced productions for the electronic consumer market in Avezzano
$\checkmark$ Decrease in the Security \& Defense Business which reflects the current technological transition from the traditional getter to the miniaturized one
$\checkmark$ Decrease in the Thermal Insulation Business suffering from the weakness in the sales of getters for the refrigeration market and for the vacuum bottles market
$\checkmark$ Structural decrease in the Light Sources Business, penalized by the technological competition of LEDs towards fluorescent lamps
