SAES reserves the right to examine the Products returned to determine if the warranty is applicable.

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, NO OTHER WARRANTY IS MADE HEREUNDER BY SAES AND ALL OTHER CONDITIONS, WARRANTIES, AND REPRESENTATIONS EITHER EXPRESS OR IMPLIED, ARE EXCLUDED, INCLUDING, BUT NOT LIMITED TO, CONDITIONS OR WARRANTIES RELATING TO THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

6. SAES MAKES NO WARRANTY THAT THE PRODUCTS DO NOT INFRINGE ANY PATENT, TRADEMARK, COPYRIGHT OR SIMILAR RIGHTS OF THIRD PARTIES AND SAES DISCLAIMS ANY IMPLIED WARRANTY OF NONINFRINGEMENT.

9. LIMITATION OF LIABILITY

1. The sole and exclusive remedy for breach of warranty concerning the Products shall be repair, where feasible, or replacement or refund as per Article 8 above and they exclude any further liability on SAES. SAES shall not be held liable for any damage, loss or increased expense deriving, directly or indirectly, from the defective Products, except where the BUYER proves that the said defects are the result of wilful misconduct or gross negligence on the part of SAES.

1. Pursuant to the regulations on the protection of personal data in force, we hereby inform that any personal data provided by BUYER in order to fulfil all the contractual obligations, including the personal data of the BUYER's employees, consultants and contractors and parties involved, in any event, in the execution of this agreement ("Data"), shall be processed in compliance with the applicable personal data protection regulations and the confidentiality obligations pertaining to SAES' business.

In the event of doubts on the characteristics of the processing of the Data, the BUYER may contact SAES at privacy@saes-group.com or contact the Legal & Compliance Dept. of SAES Getters S.p.A. by writing to it, at the address in Viale Italia 77, Lainate (MI), Italy.

Data Controller

The Data Controller is SAES Getters S.p.A., with registered office in Viale Italia 77, 20045 - Lainate (MI), Italy, Tax Code and VAT no. 00774910152.

Data collected and processed

SAES collects and processes only data that is pertinent and does not go beyond the purposes of the processing specifically biographical and contact data (such as, but not limited to, contact information, name, job title, address, telephone number, and/or e-mail address). SAES, therefore, only collects data necessary to perform the contract to which this information pursuant to the Data Protection Law is an integral part: the BUYER is asked not to provide unnecessary data, which will, in any event, be immediately deleted.

The BUYER is also asked not to communicate to SAES personal data of third parties unless this is strictly necessary to achieve the purposes of the processing: in this case, the BUYER shall fulfil the legal obligations regarding the protection of personal data and in particular, to inform the third parties of the communication of their data and obtain their consent, if necessary.

With regard to the personal data of the BUYER's employees, consultants and contractors and parties that involved by the BUYER, in any event, in the execution of the Contract, the BUYER is hereby reminded to provide the data subjects with a copy of this information pursuant to the Data Protection Law at the latest at the time that the data in question is communicated to SAES.

Purposes of processing and legal basis

a) Execution of the sale contract

The Data shall be processed to perform the sale contract concluded by the BUYER and SAES; such data processing includes, among others: the sending of information and service communications pertaining to the execution and management of orders and the shipping of products purchased; the execution of administrative-accounting activities, the fulfilment of tax obligations and the management of any disputes.

For the same purposes, the Data may be communicated to public authorities and to third party providers of services that are accessory and necessary to the execution of the sale contract (e.g. shippers and couriers to manage shipments and deliveries, banks and credit institutes to manage payments, advisors and independent professionals assigned to oversee administrative-accounting obligations). Those parties shall process the Data, depending on the case, as autonomous data controllers, or data processors by virtue of a specific written assignment granted to them by SAES.

The Data may also be disseminated in execution of legal obligations.

The legal basis for that processing lies in the need to perform the sale contract and to fulfil the related legal obligations.

Processing the Data described above is necessary, as it is connected with and instrumental to establishing, continuing, and correctly managing the contractual relationship: therefore, any refusal to provide the Data may make it impossible to establish or perform the sale contract.

- b) Sending of gifts, commercial communications, invitations to events, surveys and market research

The Data will be processed in order to implement, develop and/or strengthen current business relationships with a view to offering services and/or products that are similar and better than those already purchased or that you might purchase.

As part of this processing, it is envisaged, by way of example:

- sending gifts by post (e.g. branded pens and diaries);
- sending, via email, information communications with commercial or promotional content relating to the business of SAES and the other companies in the SAES Group;
- sending, via email, invitations to events organised by SAES and the other companies in the SAES Group;
- sending, via email, invitations to participate in surveys and market research, whose results will be managed in anonymous, aggregated form, for the sole purpose of improving the business of SAES and the SAES Group, and the products and services offered.

For the same purposes, the Data may be communicated to third party providers of accessory services (e.g. communications agencies for the drafting and sending of commercial and promotional communications, communications agencies and travel agencies assigned to organise events and any travel, statistical analysis companies to conduct surveys and market research). Those parties shall process the Data, depending on the case, as autonomous data controllers, or data processors by virtue of a specific written assignment granted to them by SAES.

The list of such data processors is available by simply making a request to SAES.

The legal basis for that processing lies in the legitimate interest of SAES to promote and improve its business and that of the SAES Group, and to develop commercial relationships. SAES carried out a Legitimate Interest Assessment ("LIA") covering this data processing, at the conclusion of which it was found that the processing of data presents no particular risk to the rights and freedoms of the data subjects and that, therefore, it is compatible with the BUYER's position, as it is reasonable to believe that the BUYER has the same interest in remaining informed on the developments of the business and on any additional activities of SAES and the SAES Group and that, by communicating the BUYER's data to SAES, the BUYER expects to receive those communications. The BUYER may always, at any time, object to the receipt of those communications or the use of one or more of the addresses provided by following the procedure at the bottom of the communications, or by contacting SAES at privacy@saes-group.com, or contacting the Legal & Compliance Dept. of SAES Getters S.p.A. by writing to it, at the address in Viale Italia 77, Lainate (MI), Italy.

Processing the Data described above is not necessary to perform the sale contract, and the BUYER's objection, if any, to the receipt of those communications shall not hinder the execution of the sale contract in any way.

Communication and transfer of the Data abroad

The Data shall also be communicated to subsidiaries and associates of the SAES Group (acting, unless otherwise provided, as independent data controllers) if necessary to perform the sale contract and to fulfil legal obligations, in addition to administrative-accounting purposes (thus, by virtue of the legitimate interest of SAES) and, in that context, may be transferred outside the European Union.

Any transfer shall be made to the extent that is necessary to perform the sale contract.

Processing methods

In relation to the purposes indicated, the Data shall be processed using manual and automated means that ensure the protection of the Data by design and by default, appropriate to guarantee its security and confidentiality, with logics strictly linked to the specific purposes, by staff to which SAES has provided suitable operating instructions, with specific regard to the purposes of processing and processing methods, as well as to the security measures adopted.

Data storage periods

The Data shall be stored in a form that allows for the identification of the BUYER for a period of time no longer than that necessary to achieve the purposes of the processing and, in particular:

- as regard the purposes of execution of the sale contract, for the entire period of the duration of the relationship and for the subsequent period necessary to fulfil the related tax, accounting and labour law obligations, and to ensure the legal protection of the rights of SAES;
- with regards to the purposes of sending gifts, commercial communications, invitations to events, surveys and market research, up to 18 months following the expiry of the sale contract, which may be extended by subsequent periods of 18 months where the data subject, following contacts with SAES and the continued interest shown in SAES' products and services, does not object to the processing, in the manner indicated in this notice or at the foot of each communication sent.

Your rights

At any time, the BUYER may exercise the other rights granted to the same pursuant to the regulations on the protection of personal data in force and, in particular, the right to ask the data controller where appropriate for confirmation as to whether or not personal data concerning the BUYER is being processed, access to data and the rectification or erasure of said data or restriction of processing the Data; the right to object to such processing; the right to withdraw consent at any time without affecting the lawfulness of processing based on consent before its withdrawal, the right to portability of the Data; the right to bring action before the legal authorities, or to lodge a complaint with the competent supervisory authority for protection of personal data.

The BUYER may exercise these rights by contacting SAES at privacy@saes-group.com or contacting the Legal & Compliance Dept. of SAES Getters S.p.A. by writing to it, at the address in Viale Italia 77, Lainate (MI), Italy.

The BUYER may also request the complete list of recipients of the Data, at any time. For information or clarifications on its rights, the BUYER may contact SAES at the same addresses.

Data Protection Officer

SAES has appointed its own Data Protection Officer, who can be contacted at the addresses below for information on data processing and the rights of data subjects: LCA Servizi S.r.l., Mr. Gianluca De Cristofaro (e-mail: dpo@saes-group.com; Tel. +39 02 7788751).

Additions

In the event of substantial amendments to this information pursuant to the Data Protection Law, SAES shall send the BUYER an email to notify it of the changes and obtain any request to exercise the rights described above.
